As a supporter to those who have a mental illness or substance use disorder, I understand the importance of recognizing the high prevalence of mental illness and substance use disorders. I also know that when recognition is coupled with reeducation and understanding, health-seeking action can be taken. These actions lead to recovery, which is possible for everyone.

The Three R’s (recognize, reeducate and reduce) depend on each other to effectively Stamp Out Stigma surrounding mental illness and substance use disorders. This is what I, as an individual, charge myself to do—to fully Stamp Out Stigma and clear the path to health-seeking behavior. It begins with me.
