

## **Horizon Behavioral Health Presents:**

### **NJ FamilyCare Behavioral Health Changes**

### **October 1, 2018**

Effective October 1, 2018, in order to align behavioral health benefit coverage, all Managed Care Organizations will be providing the behavioral health services currently covered under MLTSS to the beneficiaries enrolled in MLTSS, FIDE-SNP and DDD.

To bring the Substance Use Disorder (SUD) benefit in alignment with other BH Services, NJ FamilyCare is including the SUD Benefit for FIDE-SNP, MLTSS and DDD members into the Managed Care Organization coverage.

In addition, effective October 1, 2018, the Managed Care Organizations will be responsible for ALL acute-care hospital and psychiatric unit admissions for the following provider types: Hospitals, Special Hospitals & Rehab Centers.

This webinar has been developed to ensure our providers have access to the information you may need to provide the best possible services to your Horizon NJ Health members.

Topics covered during this presentation include:

- Changes to MLTSS, FIDE-SNP and DDD behavioral health benefits October 1, 2018
- Information about the behavioral health benefit changes for ALL Medicaid members effective October 1, 2018
- Procedures regarding
  - Clinical Care Management and Authorizations
  - Contracting and Credentialing
  - Billing Procedures
- Provide an opportunity for providers to ask questions regarding these changes
- Contact Information
